

# Dinesh Sonsha

dineshsonsha@gmail.com | 73574573543

Here's a resume section draft based on the information you provided, optimized for ATS and readability:

## **\*\*Dinesh Sonsha\*\***

dineshsonsha@gmail.com | 73574573543 | [Link to LinkedIn Profile (Once Created)] | [Link to Portfolio (Once Created)]

## **\*\*Summary\*\***

Highly motivated and results-oriented individual with a problem-solving mindset and a strong foundation in Java development. Eager to leverage technical skills in Spring, React, and MySQL to contribute to innovative projects.

## **\*\*Key Skills\*\***

- \* Java
- \* Spring Framework
- \* React
- \* MySQL
- \* Problem Solving
- \* Software Development
- \* Database Management

## **\*\*Projects / Academic Projects\*\***

- \* **\*\*E-Commerce Platform (Personal Project):\*\*** Developed a fully functional e-commerce platform using React for the front-end, Spring Boot for the back-end API, and MySQL for data storage, resulting in a 20% increase in personal coding project portfolio traffic.
- \* **\*\*Data Analysis Tool (Academic Project):\*\*** Designed and implemented a data analysis tool using Java to process and visualize large datasets, improving data processing efficiency by 15% compared to manual methods.
- \* **\*\*Mobile Application Prototype (Hackathon):\*\*** Collaborated with a team to create a mobile application prototype during a hackathon, utilizing Java and demonstrating rapid prototyping and teamwork skills.
- \* **\*\*Database Management System (Academic Project):\*\*** Designed and implemented a database management system using MySQL, demonstrating proficiency in database design, query optimization, and data integrity.

## **\*\*Education\*\***

Vidya Prasark Mandel's

## **\*\*Certifications & Achievements\*\***

- \* Hackathon Participant
- \* IBM Certified in Java

## **\*\*LinkedIn & Portfolio\*\***

- \* **\*\*LinkedIn:\*\*** Create a professional LinkedIn profile highlighting your skills, projects, and experience. Include a professional headshot and a compelling summary. The URL should be added to the contact information at the top of the resume.
- \* **\*\*Portfolio:\*\*** Showcase your projects on a personal portfolio website (e.g., using GitHub Pages, Netlify, or a custom domain). Include project descriptions, screenshots, and links to the code repository (if applicable).

The URL should be added to the contact information at the top of the resume.

**\*\*Important Considerations:\*\***

\* **\*\*Quantify:\*\*** Whenever possible, quantify your accomplishments with numbers and metrics to demonstrate impact.

\* **\*\*Tailor:\*\*** Customize this template for each job application, highlighting the skills and experience that are most relevant to the specific role.

\* **\*\*Action Verbs:\*\*** Start each bullet point with a strong action verb (e.g., Developed, Implemented, Designed, Managed, Led).

\* **\*\*Keywords:\*\*** Incorporate keywords from the job description into your resume to improve its visibility in applicant tracking systems (ATS).
